It's hard to believe that 2009 has almost gone by. Don't forget the Christmas break-up and the special meeting at Marion of the 19th.

If you require any of the discussion sheets they are still available. We are also interested in your feedback for next years programs, please contact Cathie.

Summer Projects: There will be little summer break at the Office with the upcoming elections. We will be working on advocacy and funding grant reports in preparation for policy review and changes. If you have anyone interested in your network or any students who are looking for summer field experience please refer them to us. We also need to update our service directories and strategic plans by February.

Looking forward to catching up with you.

Thank You,

Cathie Powell
